- User Interface (UI) Architecture
- Wireframing
- Rapid Prototyping
- Responsive Web Design

PROFILE STATEMENT

I'm a UI/UX designer with real handson experience creating web and mobile designs that look great and work smoothly. I focus on making interfaces simple, modern, and easy to use, so people enjoy every moment they spend on a website or app.

WORK EXPERIENCE

Junior Ui/ux designer (Intern)

- DESIGNIFY INSTITUTE (FEB - 2025 **TO** JULY 2025)

Tasked as the junior UI/UX designer of the company Designed web and mobile interfaces to improve user experience and visual appeal.

Design Team Co-head)

- PMAS SOCIETY (UOR) ~ (NOV 2025 **TO** PRESENT)

As the Design Co-Head for PMAS Society at the University of Rawalpindi, I am responsible for all event visuals. Using Canva and Figma, I design everything from posters to tickets for events like our Music Night. I manage the whole design process to make sure our society's promotions are creative, clear, and always on time.
